

EYJA Ottoman

EYJA Ottoman

Inspired in the breathtaking Icelandic landscape contrasts, Eyja Ottoman is a multifunctional piece that combines distinctive lounge aesthetics with the more stringent Scandinavian design universe.

Following Laengsel's design identity, this ottoman can be used as complementary module for Hygge Sofa, turning it into a chaise longue. It can also be used as a separate footrest or as a coffee table by simply removing the upholstered top.

Eyja Ottoman's versatility can fit perfectly in your living room, home office or a hotel lobby.

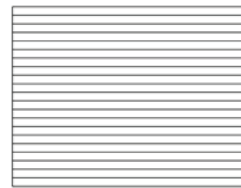

This ottoman is made of sustainable birch plywood using CNC cut with innovating waste efficiency technology. We are using the highest quality woods with natural non-toxic glues and premium eco-friendly fabrics. This piece is assembled and finished by professional craftsmen.

It comes with one removable pillow with customizable color options.
